Subject: AC Endeavour O'pen

Greetings Sen,

That is fantastic that Japan has selected the boy and girl for the AC Endeavour O'pen in Bermuda!

Please send their names, home town, and birth date. With their permission, we would also like to post photos of the two sailors at <http://ac35endeavouropen.com>

We are providing rustic (bunk bed style) housing for the two sailors and one parent/guardian/coach each (4 total from Japan) at the Messina House, a ten minute walk from the America's Cup Village. We will welcome a fifth parent/guardian/coach from Japan for all festivities and meals, but regretfully will not have space for the fifth person at the Messina House. I am providing some photos from the Messina House attached. You can see that the accommodations are quite humble, but the location is amazing. The O'pen BICs and America's Cup boats will be racing out front and to the left.

With the America's Cup in Bermuda, accommodations and air travel are very tight. I encourage the Japan Team to book airline tickets as soon as possible to arrive June 12 (or 13) and depart June 19.

Notice of Race and Supplemental Notice of Race and other information is found at <http://ac35endeavouropen.com>

All the best,
Nevin
